President's Address.

LADIES AND GENTLEMEN AND
MEMBERS OF THE BOARD:

The second year of my administration as president of your Board has come to a close, and I herewith present you a review of the past year's work.

In regard to the health of the children at the Nursery, it has been unusually good. We have had no epidemic of any kind and no serious case of illness, which I think is somewhat remarkable considering the number of children under our care. This fact is chiefly due to the vigilant care of our matron and nurses, and the constant attendance of our friend and physician, Doctor Guy Manning, to whom I wish to express our heartfelt gratitude. We also appreciate the care and time given by Dr. Grant Selfridge, to our children's eyes and throats. To him and the consulting physicians, Dr. James Ward and Dr. William Boericke, we extend our thanks.

During the year a good home has been found for one of our elder boys, and two little girls, who have been in homes on trial, have been legally adopted.

The Girls' Auxiliary is still our able assistant in furnishing shoes and stockings and many articles of clothing. The Christmas holidays were made a time of rejoicing to the children, by the young ladies of the Auxiliary furnishing a Christmas tree laden with toys and articles that go to make the life of childhood happier.

We appreciate the kindness of the Helping Hand Society with Mrs. Folger as the leader, in deciding to be a helping hand to us, by assisting in sewing and in clothing our children.

The depression in business this year has been as great as that of the year previous, and there being so many calls upon our friends, our subscription list has not increased in numbers as much as I had hoped. However we should not be discouraged but work on with a will, and success will crown our efforts

in time. I was greatly in hopes of commencing the new year free from indebtedness, but with all our exertions there is still a small deficit.

I wish to thank the Daughters of Israel and Miss Hilda Samson for the two beds and their furnishing given to the home.

Very little progress has been made toward getting a home of our own. May we not hope that during the coming year, some steps will be taken with that end in view?

I wish to thank the officers and members of the Board, for their co-operation and assistance in promoting the welfare of the Nursery, also our friends and patrons.

Respectfully submitted,

SARAH E. HOLLIS.

Annual Report of Secretary.

LADIES AND GENTLEMEN:

Once more we come before you, to present our annual report. With the Nursery, the past year has been a successful one.

We hoped to have been able to have reported it free from debt, but owing to the financial depression, have not been able to free ourselves, still, we are happy to report a very small indebtedness.

To commence the new year free from debt has been the great hope of the Board of Managers, and we now take this opportunity of expressing our thanks to all who have aided us in this work.

There have been twelve (12) regular, and seven (7) special meetings, held during the past year and have had three (3) entertainments.

Twenty eight (28) children have been admitted. Twenty-eight (28) removed and no deaths. Sixty-nine (69) are residents on January 1st, 1897.

To Dr. Manning, our visiting Physician, we tender our sincere thanks for his untiring attention.

Our Trustees must not be forgotten and therefore extend our thanks for services rendered.

To our Girls' Auxiliary we feel our success in a great measure due to their efforts, which have been very successful.

To the many friends of the Nursery, who have been liberal in furnishing clothing and other necessary articles, have added greatly to the success of the Nursery and comfort of the little ones, but in the future we would wish those who make such donations, to be more precise in giving their address, as many times we are not able to acknowledge them.

In closing this report we wish to extend our sincere thanks to all who have assisted us in this very worthy cause and hope for a continuation of the same.

Respectfully submitted,

CLARA F. HASKELL, Secretary.

Report of Visiting Physician.

TO THE BOARD OF MANAGERS OF THE

SAN FRANCISCO NURSERY FOR HOMELESS CHILDREN:

Ladies:—It is with pleasure, as well as pride, that we are able to present to you at this time a report free from any deaths amongst our children. For five years this has been our endeavor, and now our hopes are realized. Other institutions in the city may have done as well in that respect, but remember, that we receive within our walls, children younger than are taken by any similar charity.

We closed our report last year with the words,—“There will be a death rate in spite of ourselves,” and we were brought to utter those words by the fact that we *did* receive infants, and of such a tender age; and we might repeat, what has been stated frequently in former reports, viz: that our deaths have always occurred amongst our youngest babies,—those who had not arrived at the first anniversary of their birth.

Now to have twelve months, and we might say fourteen months, as that is nearer the time of our last mortality, pass without a death in our ranks of sixty-five and seventy children, is we are aware, as great a cause for rejoicing on your part, as it is for the physician.

The year passed without any marked epidemic. Many had the whooping cough quite severely, and a few the mumps in the spring and summer. Not till the day before Christmas, did another contagious disease reach us, when we had a case of measles develop.

One of our most serious cases was an injury to the foot, received before the boy entered, and which became so much worse that the loss of the member was threatened. Happily, the result was to the contrary, and the boy is now the liveliest one of the lot.

There have been several severe cases of congestion of the lungs, and other troubles which have caused us great anxiety.

The stubborn skin disease which affected so many last year was finally gotten under control, and conquered early in the year. Though we take in children from all over the city and outside also, though they were visited by parents likewise from all districts, though they attend the public schools, we made no quarantine while the diphtheria was prevalent in the city, further than to prohibit the children being taken away from the institution on a visit to relatives.

We have performed several minor operations, such as opening of abscesses, removal of enlarged glands, etc., and operation upon the throat and nose. The number of visits for the twelve months we find to have been 84, and the prescriptions number 313.

On closing we particularly wish to return thanks to our consulting physicians for their willingness and advice, to Dr. Grant Selfridge for his assistance in eye and ear cases, and to your Board for their confidence and good will. Neither do we wish to forget the matron or the several nurses with whom our relations are most pleasant, and who have endeavored to aid in every way, and to whom the good health of the children is in a great measure due.

Considering your urgent request, we have promised to serve you another year, and trust it may prove as satisfactory to you as the past has done.

President's Address.

TO THE BOARD OF MANAGERS OF THE
SAN FRANCISCO NURSERY FOR HOMELESS CHILDREN:

At this the close of our fourth year as the Girls' Auxiliary, I have the honor to present to you briefly, a report of the work we have accomplished, an itemized statement of which will be found in the reports of the Secretary and Treasurer.

Our business meetings held the first Monday afternoon of each month, have been very well attended. For several reasons we found it expedient to change our meeting place for sewing, from the parlors of the First Presbyterian Church, to the residence of Mrs. Clark Burnham, on Wednesday afternoons.

The responses to the Christmas appeals were not quite as generous as in former years, but we were able to give the children a Christmas tree and a Merry Christmas at the Nursery on the afternoon of December twenty-fourth.

We truly hope that we have been of some assistance to the Board, and we wish to tender our hearty thanks for the many kindly words of encouragement that we have received from the ladies.

Hoping for the future prosperity of the Nursery, and thanking all who have helped us in ever so small a way.

Very respectfully,

SUSSIE H. WELLS,

President Girls' Auxiliary.

Secretary's Report.
